You know the importance of regular maintenance. That includes your body.
Maintaining your car is a no-brainer. Maintaining your body is the same way. If you're a man 50 or older, screening can catch a problem like colorectal cancer early – and that could mean all the difference. Talk to your doctor today to get screened for colorectal cancer.

You Don't Have to Have Symptoms to Have Colorectal Cancer

In Iowa and the US, it's estimated to be the #2 killer of men.
Screening can detect cancer early or even prevent it.
It can save your life!

Several screening tests are available and most insurance companies pay for all or part of the cost.

Contact your health care provider today to schedule your screening.
