Explanation of “Updated” Services in ATR 4

Discontinued Services:

- **Dental Services, Housing Assistance, Medical Evaluation Services, and Supplemental Needs-Psychotropic Medications** have been discontinued per SAMHSA/CSAT guidance

Rate Increases:

- **Care Coordination with GPRA Follow-up Interview** rate has been increased to provide an additional incentive for clients to participate in the Follow-up Interview
- **Child Care** rate has been increased to better reflect market averages
- **Integrated Therapy, Spiritual Counseling, and Mental Health Therapy** rates have been increased to coincide with market changes

Service Change in Scope/Clarification:

- **Co-pays** can be funded using the maximum allowable rates outlined under the Co-Pay Maximums and Services for Active Military/National Guard Personnel in Appendix A. of the *ATR Provider Manual*. A total of one covered service co-pay may be billed per day.
- **Drug Testing** will only be available to clients in Adult/Family Treatment Drug Court services. ATR will fund up to two Drug Tests per seven day period.
- **Life Skills Coaching** has been updated to increase focus on the education/training component of the service
- **Recovery Peer Coaching** provider eligibility has been updated to require that the individual providing the service must be a person in recovery from a substance use disorder, have worked on their own recovery, and be willing to share those experiences. In addition, if proposed recovery peer coach is trained/educated in a behavioral health field, training as a recovery peer coach must have occurred prior to training/education in a behavioral health field.
- **Supplemental Needs-Clothing/Personal Hygiene** has been updated to increase focus on “personal” hygiene as opposed to household
- **Supplemental Needs-Utility Assistance** has been updated to increase the focus to include cellular phone bills
- **Supplemental Needs-Wellness** has been updated to clarify that this service is not for general medical/health related services
- **Transportation-Bus** has been updated to require individuals to present provide/show their previous month’s bus pass before receiving a new bus pass

New Services:

- **Brief Treatment** has been added as a service for pre-selected ATR/SBIRT (FQHC) Pilot Sites
- **Celebrating Families** has been added as a service for pre-selected ATR Family Treatment/Drug Court Sites and at the Iowa Army National Guard
