I. Introduction

Welcome to Administrative User Training for the IRIS Immunization Information System.

IRIS is a population-based web application containing consolidated demographic and immunization history information. IRIS performs a variety of functions for health care providers including:

- Recording immunizations, contraindications, and reactions
- Validating immunization history and providing immunization forecasts
- Producing recall and reminder notices, vaccine usage, and patient reports
- Managing vaccine inventory
- Ordering state supplied vaccines

Access to the web application is available at www.IRIS.iowa.gov. By law, only authorized users are allowed to access immunization information in IRIS. Authorized users include health care providers, local health departments, health plans, schools, and child care facilities. Additionally, health care providers may only obtain information specific to their own patients. Schools and childcare facilities may only access records specific to their enrollees.

II. Training Objectives

Upon completion of Administrative User Training, participants can:

- Maintain, edit, and add user accounts
- Modify access to user accounts
- Add, edit, delete, and list schools
- Add, edit, delete, and list physicians
- Add, edit, delete, list, and merge clinicians

III. Training Resources

- Help Desk: 1-800-374-3958
- Website: <http://www.idph.state.ia.us/ImmTB/Immunization.aspx?prog=Imm&pg=Iris>
- Online Help (Light bulb )
- User Manual
- Webinars (Live and Pre-recorded)
- Self-guided online training videos

Additional Information:

- For self-guided online training videos, new users can go to IRIS at www.IRIS.iowa.gov and click the **Training** tab at the top of the page.

IV. Administrative User Functions

At least one Administrative user must be designated for an organization. The designated staff person must then be assigned the Administrative use role in IRIS. To become an Administrative User, complete the IRIS Site Enrollment Form on the Forms tab of IRIS. If you have questions on how to become an Administrative User, contact the IRIS Help Desk at 1-800-374-3958.

The Administrative user is responsible for performing the following functions in IRIS:

- Managing Access
- Maintenance

V. Managing Access

Adding an Existing User to an Organization

IRIS allows administrative users to add existing users to their organization in IRIS. To add an existing user to your organization:

1. Click the **manage access/account** button in the menu bar.

2. Click the **Edit User** link under “Manage Access” in the menu panel.

3. Click the appropriate Status of the user account for which you are searching.

Application: All Apps

Organization Type: All Types

Organization: All Orgs

Status Active Disabled Terminated

Last Name First Name

- Click the last name hyperlink for the corresponding user account.

Search Results			
Last Name	First Name	MI	User Name
Test	Sample		tsample

- On the Edit User page, click the **Modify Access** tab.

- Click the appropriate Organization for the user from the **Organization** drop-down list. If you are an administrative user at one clinic, that clinic will automatically appear in the Organization field.
- Click the appropriate Role for the new use from the **Role** drop-down list. Click the **Add** button underneath "Add Access".

Edit User **Modify Access**

Add or remove applications and organizations to which this user has access.

User Joey Zehner

Application	Organization	Role	Add Access
IRIS	<div style="border: 1px solid black; padding: 2px;"> Iowa Training Org IR Physicians Joey Training Org - Test </div>	<div style="border: 1px solid black; padding: 2px;"> Standard User </div>	<div style="border: 1px solid black; padding: 2px; text-align: center;"> <input type="button" value="Add"/> </div> 

- You will then see the message "Update in progress, press Save to keep". Click the **Save** button.

** Update in progress, press Save to keep **

Current list of organizations and applications. *Select user from this list to update their role or status.*

Application	Organization	Role	Status	Select
IRIS	IR Physicians	Standard User	Active	<input type="checkbox"/>

9. You will then see the message “**User Updated**” at the top of the screen and the user now has access to the organization.

Adding a New User

To add a new user:

1. Click the **manage access/account** button in the menu bar.

2. Click **Add User** underneath “Manage Access” in the menu panel.

3. Enter the required information. Required information is blue text as opposed to black text and is denoted by an asterisk (*).
4. Click the **Save** button. The following message will display at the top of the page: “User Added, please proceed to the Modify Access tab. User does not have access until you do.”

**** User Added, please proceed to Modify Access Tab. User does not have access until you do! ****

Modifying Access

After adding a user, complete the Modify Access page to assign the user the appropriate level of access to the appropriate organization. To give a user access:

1. On the Edit User page, click the **Modify Access** tab.

2. Click the appropriate Organization for the user from the **Organization** drop-down list. If you are an administrative user at one clinic, that clinic will automatically appear in the Organization field.
3. Click the appropriate Role for the new use from the **Role** drop-down list.
4. Click the **Add** button underneath “Add Access”.

Edit User **Modify Access**

Add or remove applications and organizations to which this user has access.

User Joey Zehner

Application	Organization	Role	Add Access
IRIS	<input type="text" value=""/> Iowa Training Org IR Physicians Joey Training Org - Test	<input type="text" value=""/> Standard User	<input type="button" value="Add"/>

5. Click the **Save** button once you have finished entering access information for this user.

**** Update in progress, press Save to keep ****

Current list of organizations and applications. *Select user from this list to update their role or status.*

Application	Organization	Role	Status	Select
IRIS	IR Physicians	Standard User	Active	<input type="checkbox"/>

- You will then see the message “**User Updated**” at the top of the screen and the user now has access to the organization.

Additional Information:

If you grant a user access to more than one organization, he or she must select the specific organization to access upon logging into IRIS.

Adding Multiple Users

Administrative users have the option of adding multiple standard users at once for their organization. This is the quickest way to create standard user accounts. To add multiple standard users:

- Click the **manage access/account** button in the menu bar.

- Click **Add Multiple Users** underneath “Manage Access” on the menu panel.

- Click the organization you would like to give the user access to from the Organization drop-down menu.
- Enter the last name, first name, user name, password, and role for the user.
- Click the **Add** button.

Application: IRIS

Organization: Refresh

Select Add between each user you want to add.
Once you change application or organization, you must re-select the organization.

Last Name	First Name	User Name	Password	Role	Add User
<input type="text" value="Test"/>	<input type="text" value="Joey"/>	<input type="text" value="jtest"/>	<input type="password" value="••••"/>	<input type="text" value="Standard User"/>	<input type="button" value="Add"/>

- You will then see the user added to the list of Current Users in the section below. Repeat steps 3-5 for each additional user.

Maintaining Users

IRIS allows Administrative users to edit user accounts for their organization(s). To edit user accounts, the Administrative user must find the corresponding user account in IRIS prior to editing the account information. To find a specific user account:

- Click the **manage access/account** button in the menu bar.

- Click **Edit User** underneath “Manage Access” in the menu panel.

- On the “Edit User – Search” page, click the user’s organization from the Organization drop-down list or leave the field as All Orgs to search all organizations.
- Click the appropriate Status of user account for which you are searching.
- Enter the first and last name of the user for whom you are searching, or leave both fields blank to display a complete list of users in IRIS.
- Click the **Find** button.

Application:
 Organization Type:
 Organization:

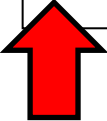

Status Active Disabled Terminated

Last Name First Name

- All user accounts matching the criterion used in steps 4-6 is displayed underneath the “Search Results” portion of the page.

8. Click the last name hyperlink for the corresponding user account.

Search Results			
Last Name	First Name	MI	User Name

9. You will then be directed to the user's account information, where you can edit information and modify access as long as the user account is associated with your organization.

Edit User	Modify Access
User Id	18109
* User First Name	<input type="text" value="joey"/>
* User Last Name	<input type="text" value="zehner"/>
User Middle Initial	<input type="text"/>
* Username	<input type="text" value="zehneradmin"/>

Editing My User Account

IRIS allows all users to manage their own user account information. To verify or edit your user account information:

1. Click the **manage access/account** button in the menu bar.

2. Click **Edit My User Account** link underneath "Manage My Account" in the menu panel.

3. On the “Edit User” page, you can change all information listed including; user first name, user last name, street address, email address and phone number.
4. Click the **Save** button. If changes were made, the message “User Updated” appears at the top of the page.

Edit User

VI. Managing Organizations

Administrative Users also have the ability to edit Organization information. To do this:

1. Click on the **Manage access/account** button in the menu bar.

2. Click **Edit Organization** underneath “Manage Access” on the menu panel.

3. In the search **string field** type in your Organization name.

- Click **Search**. Only organizations you have access to will be searchable.

Organization Search Criteria

Edit Organizations

Select your organization's name to view and/or update information.
Note: parent organization names are marked with an "*".

Search Field: Name

Cancel

VII. Maintenance: Managing Schools

IRIS Administrative users may enter new, and update existing, schools and daycare centers using the Manage Schools function. Schools entered using this function are available for selection from a drop-down menu on the Patient Demographic page. Reports may then be generated by school.

Adding Schools

- Click **Manage Schools** underneath "Maintenance" from the menu panel.

2. Click the **Add School** button.

3. Enter the name of the school and any additional information in their corresponding fields and click the **Save** button.

A screenshot of the 'Add School' form. The form contains several input fields: 'School Name' (Iowa High School), 'Street Address' (123 Fake St.), 'Other Address', 'City' (Des Moines), 'State' (IA), 'Zip' (50321), 'Email' (iowahighschool@schools.org), and 'Telephone #' (515 111 1111). There are also 'P.O. Box' and 'Ext' fields. A red arrow points to the 'Save' button on the right side of the form.

4. A message will display "School Added".
5. Click the **List All** button to return to the Manage Schools page.

A screenshot of the 'Select a School to Edit' form. It features a dropdown menu for 'School Name' with 'Pick a School' selected. There are 'Add' and 'List All' buttons. A red arrow points to the 'List All' button. Below the form, a red box contains the text '**School Added**'.

Additional information:

Required fields are shown in blue text as opposed to black text.

Editing School Information

1. Click **Manage Schools** underneath "Maintenance" from the menu panel.

2. Click the school from the School Name drop-down menu.

Select a School to Edit

VIII. Maintenance: Managing Physicians

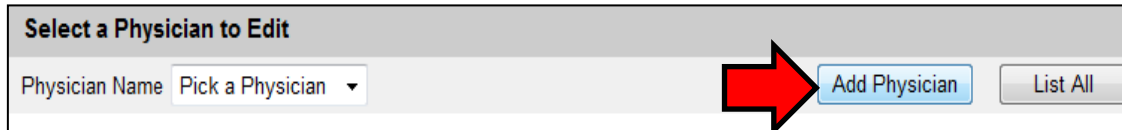

Physicians are considered Primary Care Providers (PCP) in IRIS. Administrative users can utilize the Add Physician/Edit Physician screens to enter new and update existing Primary Care Providers. Health care organizations or clinic names may also be entered in the Add Physician screen. Physicians or health care organizations entered on this screen will be available for selection from the Provider-PCP drop-down menu on the Patient Demographic page. Reports may be generated from this data.

Adding Physicians

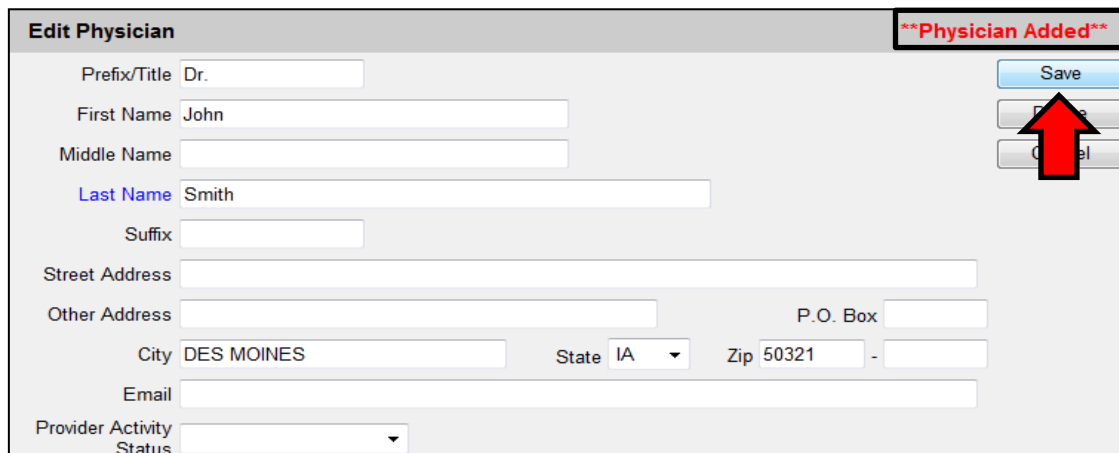

1. Click **Manage Physicians** underneath “Maintenance” from the menu panel.

2. Click the **Add Physician** button.

A screenshot of a form titled "Select a Physician to Edit". It contains a text input field for "Physician Name" with a dropdown menu showing "Pick a Physician". To the right of the input field are two buttons: "Add Physician" and "List All". A large red arrow points to the "Add Physician" button.

3. Enter the Last Name and any additional information in the corresponding fields.
4. Click the **Save** button. A message displaying “Physician Added” appears.

A screenshot of the "Edit Physician" form. It contains several input fields: "Prefix/Title" (Dr.), "First Name" (John), "Middle Name", "Last Name" (Smith), "Suffix", "Street Address", "Other Address", "City" (DES MOINES), "State" (IA), "Zip" (50321), "Email", and "Provider Activity Status". On the right side, there are three buttons: "Save", "Cancel", and "Add". A red arrow points to the "Save" button. A red box at the top right of the form contains the text "**Physician Added**".

5. Click the **List All** button to return to the Manage Physicians page.

A screenshot of the "Select a Physician to Edit" form, identical to the one above. A large red arrow points to the "List All" button.

Additional information:

Keep in mind that you are entering a PCP associated with the patient, not to a vaccination. Provider-PCP may be used as a filter when running a Reminder/Recall report.

Editing Physician Information

1. Click **Manage Physicians** underneath “Maintenance” from the menu panel.

2. Using the Physician Name drop-down menu, click the physician’s name. Alternative, click the physician’s name in the “Physician Listing” table on the page.

3. Add or change information in the “Edit Physician” box and click the **Save** button. A message displaying “Physician Updated” appears.

Deleting Physicians

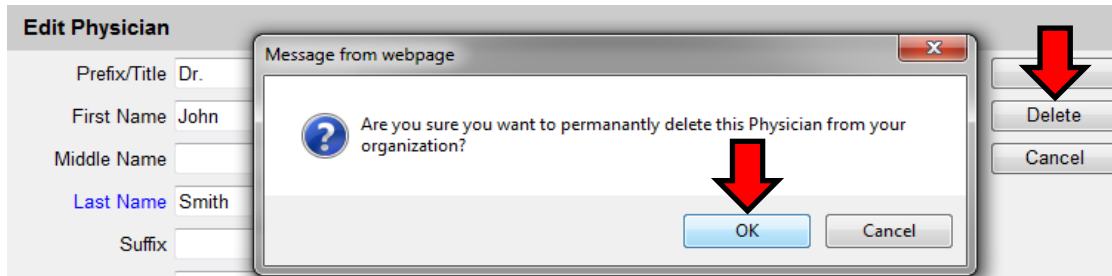

1. Click **Manage Physicians** underneath “Maintenance” from the menu panel.

2. Using the Physician Name drop-down menu, click the physician’s name. Alternative, click the physician’s name in the “Physician Listing” table on the page.

3. Click the **Delete** button.
4. Click the **OK** button on the prompt. A message displaying “Physician Deleted” appears.

Listing All Physicians

1. Click **Manage Physicians** underneath “Maintenance” from the menu panel.

2. Click the **List All** button.

IX. Maintenance: Managing Clinicians

Clinicians are the individuals within the organization who administer vaccines to patients. Ordering Authorities are the individuals who approve the administration of vaccines. A clinician may be associated with one or more clinic sites. Examples of clinicians are physicians, physician assistants and nurses. IRIS Administrative users use the Manage Clinicians function to enter new, and update existing, clinicians within the organization. Clinicians added to IRIS through this function are available from dropdown menus used for recording immunizations.

Adding Clinicians

1. Click **Manage Clinicians** underneath “Maintenance” from the menu panel.

2. Click the **Add Clinician** button.

Organization Name: IR Physicians

Site List:

Add Clinician **Find Clinician** **Clinician List**

3. Click the appropriate role and enter in the name of the clinician you are adding.

Merging Clinicians

Occasionally, clinicians are entered more than once in IRIS, creating duplicate records. To eliminate extraneous records using IRIS' Merge Clinician feature:

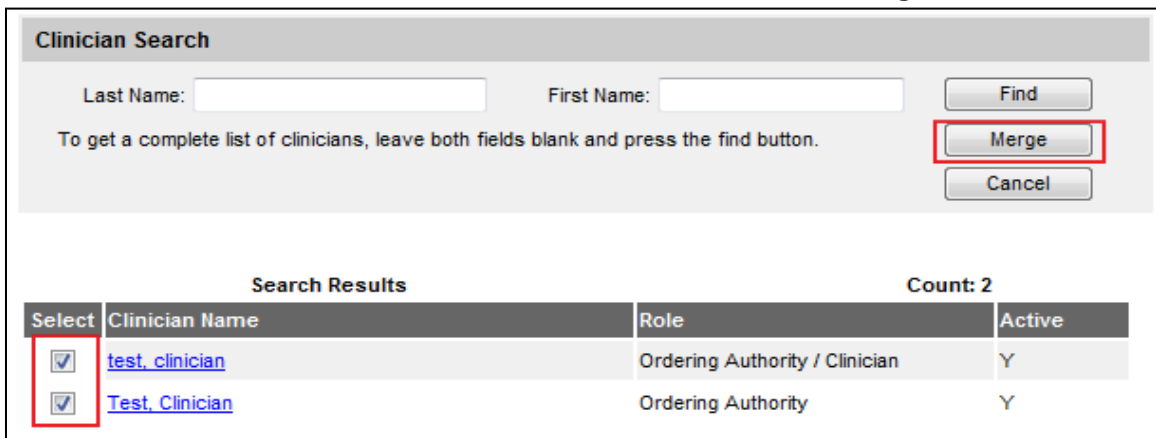

1. Click **Manage Clinicians** underneath "Maintenance" from the menu panel.

2. Click the **Find Clinician** button.

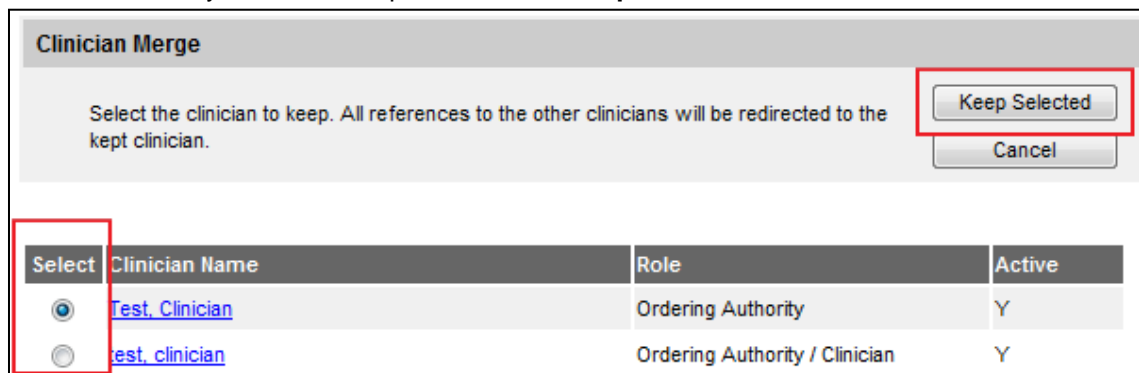

A screenshot of a web interface for finding clinicians. At the top, it says "Organization Name: IR Physicians". Below that is a "Site List" dropdown menu currently showing "IR Physicians". To the right of the dropdown are three buttons: "Add Clinician", "Find Clinician", and "Clinician List". A red arrow points to the "Find Clinician" button.

3. Enter the last and first names of the clinician and click the **Find** button.
4. Click at least two clinicians from the Search Results table and click the **Merge** button.

A screenshot of the "Clinician Search" interface. It has input fields for "Last Name:" and "First Name:", and a "Find" button. Below the input fields is a note: "To get a complete list of clinicians, leave both fields blank and press the find button." There are also "Merge" and "Cancel" buttons. The "Merge" button is highlighted with a red box. Below this is a "Search Results" table with a "Count: 2" indicator. The table has columns for "Select", "Clinician Name", "Role", and "Active".

Select	Clinician Name	Role	Active

<input checked="" type="checkbox"/>	Test, Clinician	Ordering Authority	Y

5. Click the clinician you wish to keep and click the **Keep Selected** button.

A screenshot of the "Clinician Merge" interface. It contains the instruction: "Select the clinician to keep. All references to the other clinicians will be redirected to the kept clinician." There are "Keep Selected" and "Cancel" buttons. The "Keep Selected" button is highlighted with a red box. Below this is a table with columns for "Select", "Clinician Name", "Role", and "Active".

Select	Clinician Name	Role	Active
<input checked="" type="radio"/>	Test, Clinician	Ordering Authority	Y
<input type="radio"/>	test, clinician	Ordering Authority / Clinician	Y

Deleting Clinicians

1. Click **Manage Clinicians** underneath "Maintenance" from the menu panel.

2. Click the **Find Clinician** button or click the appropriate clinician name in the table on the page. If you choose the latter option, skip to step 4.

A screenshot of a web page titled "Organization Name: IR Physicians". It features a "Site List" dropdown menu set to "IR Physicians". To the right are three buttons: "Add Clinician", "Find Clinician", and "Clinician List". A red arrow points to the "Find Clinician" button. Below the buttons is a table with three columns: "Clinician Name", "Role", and "Signature". The first row contains the text "Descartes, Rene", "Clinician", and "N". A red arrow points to the "Descartes, Rene" link.

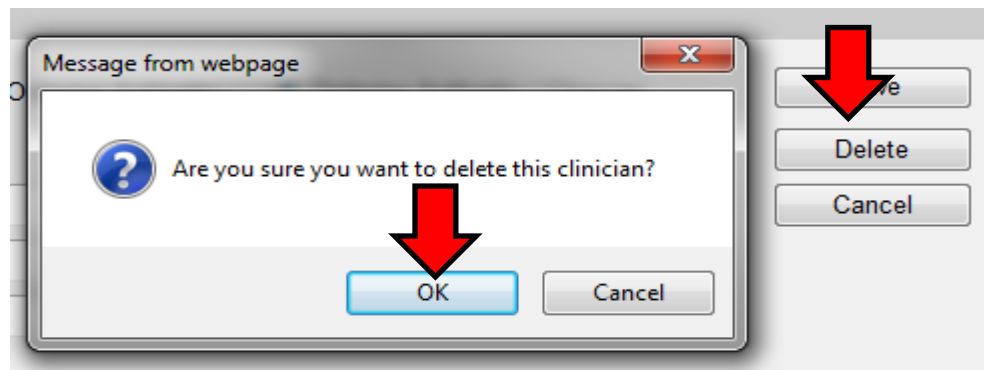

Clinician Name	Role	Signature
Descartes, Rene	Clinician	N

3. On the Clinician Search page, enter the last and first name of the clinician and click the **Find** button. Then, click the last name in the Search Results table.

A screenshot of a "Clinician Search" page. It has two input fields: "Last Name: Doe" and "First Name: John". To the right is a "Find" button. Below the input fields is a message: "To get a complete list of clinicians, leave both fields blank and press the find button." Below this are "Cancel" and "Find" buttons. A red arrow points to the "Find" button. Below the search area is a "Search Results" table with a "Count: 1" indicator. The table has four columns: "Select", "Clinician Name", "Role", and "Active". The first row contains a checkbox, the link "Doe, John", "Ordering Authority / Clinician", and "Y". A red arrow points to the "Doe, John" link.

Select	Clinician Name	Role	Active
<input type="checkbox"/>	Doe, John	Ordering Authority / Clinician	Y

4. Click the **Delete** button and click the **OK** button on the prompt.

Listing All Clinicians

1. Click **Manage Clinicians** underneath “Maintenance” from the menu panel.

2. Click the **Clinician List** button.

3. The Clinician Listing screen opens, displaying all available clinicians, their organization association(s), and their role(s).
4. Click the **Close** button to return to the Manage Clinicians screen.

X. How to Re-Enable or Unlock a User

Administrative users have the ability to unlock standard user accounts. Please follow these steps to unlock a user account:

1. From the portal page in IRIS, click on the “**Edit User**” link under the Manager Access section.

2. You will then come to the **Edit User – Search Page**. Select the checkmark boxes next to the status of “**Active**” and “**Disabled**” to search for users who may be inactive or locked out. You can then search for users by entering either their last name, first name, or you can leave both fields blank. When the appropriate information has been entered, click on “**Find**”.

Edit User - Search

Application: IRIS

Organization: All Orgs

Status Active Disabled Terminated

Last Name: Zehner First Name:

To get a complete list of users, leave both fields blank and click the find button.

- A list of users will display matching your searching results. Click on the hyperlink for the locked out or inactive user's last name to edit their user account.

Search Results

XI. How to Setup VFC Contact Information:

This information applies only to Vaccines for Children (VFC) Program providers. To setup your VFC contact information to complete a VFC order, please follow these steps:

1. Click on the “**Edit Organization**” link on your portal page:

Manage Access

- Add Multiple Users
- Add User
- Edit User
- List Organizations
- Edit Organization**

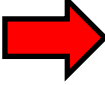

2. You will then come to the **Edit Organization – Search** page. The Search Field defaults to search by name so you can begin entering in a few letters of your organization’s name and then click on the “**Search**” button.

Organization Search Criteria

Edit Organizations

Select your organization's name to view and/or update information.
 Note: parent organization names are marked with an ^{***}.

Search Field

Search String

- Your organization will then appear in the search results. Click the blue hyperlink under the organization field to edit your organization's information.

Search Result

Name	Org Code	VFC Pin	City	County	Open
DELAWARE COUNTY PUBLIC HEALTH	10186	P28001	MANCHESTER	Delaware	Y

- The **Edit Organization** information will display. Scroll down to the State Supplied Vaccine Profile section and make sure your organization has a VFC PIN.
- You can then scroll down to the **Main Contact Information** section. There you will need to add the Vaccine Delivery address information (or organization's address information).

Main Contact Information

Address Information

Vaccine Delivery

Populate With Physical Address

Address 1	Address 2	PO Box
<input type="text" value="709 W MAIN ST"/>	<input type="text"/>	<input type="text"/>
City	State	Zip
<input type="text" value="MANCHESTER"/>	<input type="text" value="IA"/>	<input type="text" value="52057"/>

+4 Geocoded: No

- You will then need to scroll down to the Individual Contacts section and add a contact for VFC orders. In the Add Contact area, select from the Role dropdown list the **Vaccine Delivery** role as well as enter the last name and first name of the vaccine delivery contact person. Once the required information has been entered, click on the **Apply** button.

Individual Contacts

Add Contact

* Role

* Last Name

* First Name
