For health concerns or clinic questions

(319) 356-2675 to reach Karin Panzer

## NF Registry

[www.nfregistry.org](http://www.nfregistry.org) PLEASE REGISTER!

The NF Registry was started by the Children's Tumor Foundation in 2012 to do the following:

- Let people know about new clinical trials (new potential treatments) for NF.
- Provide patients with facts and figures about the NF community as a whole.
- Learn how NF changes over a person's lifetime.
- Help researchers understand what makes one person's symptoms different from another's.
- Better inform qualified NF researchers from all over the world about issues people with NF care about most.
