

Cultural Competency in a Disaster Response

Two options:

Wednesday, June 15
9 — 11 a.m.

Thursday, June 16
1 — 3 p.m.

Location:

Trinity Lutheran Church
801 W. Lincoln Way
Jefferson

Cultural Competency:

Behaviors, attitudes and policies that work together to enable people to work effectively in cross-cultural situations.

Course Objectives

- Identify scenarios where cultural competency is and is not being demonstrated and identify some alternative approaches
- Identify workplace expectations regarding cultural competency
- Define cultural competency and how it aligns with ethical practices
- Describe some self assessment practices to identify individual cultural competency level

Who Should Attend

- Anyone who may find themselves responding to a disaster
- Anyone who wants to bring about positive outcomes by providing services that are respectful of and responsive to the health beliefs, practices and cultural/linguistic needs of patients
