You Don't Have to Have Symptoms to Have Colorectal Cancer

In Iowa and the US, it's estimated to be the #2 killer of men.
Screening can detect cancer early or even prevent it.
It can save your life!

Several screening tests are available and most insurance companies pay for all or part of the cost.

Contact your health care provider today to schedule your screening.

For more information, call 1-800-237-1225 or visit:
