

Policy Statement on Ear Candling

Adopted by the Board of Cosmetology Arts and Sciences on January 11, 2010.

Ear candling is not within the scope of practice of cosmetology and is considered to be an alternative health treatment that is not regulated by the Board of Cosmetology Arts and Sciences. The Board has no authority over unregulated services, and the licensee is advised to ensure the public is aware that ear candling is not a cosmetology-related service.

This policy statement is advisory in nature only.
