Name of Elementary or High School:          Grade Level:  Gender:

[ ] Male  [ ] Female

Screening Information (health care provider must complete this section)

Date of Dental Screening:  __________________________________________

Treatment Needs (check ONE only based on screening results, prior to treatment services provided):

[ ] No Obvious Problems – the child’s hard and soft tissues appear to be visually healthy and there is no apparent reason for the child to be seen before the next routine dental checkup.

[ ] Requires Dental Care – tooth decay¹ or a white spot lesion² is suspected in one or more teeth, or gum infection³ is suspected.

[ ] Requires Urgent Dental Care – obvious tooth decay¹ is present in one or more teeth, there is evidence of injury or severe infection, or the child is experiencing pain.

1 Tooth decay: A visible cavity or hole in a tooth with brown or black coloration, or a retained root.

2 White spot lesion: A demineralized area of a tooth, usually appearing as a chalky, white spot or white line near the gumline. A white spot lesion is considered an early indicator of tooth decay, especially in primary (baby) teeth.

3 Gum infection: Gum (gingival) tissue is red, bleeding, or swollen.

Screening Provider (check ONE only):

[ ] DDS/DMD  [ ] RDH  [ ] MD/DO  [ ] PA  [ ] RN/ARNP  (High school screen must be provided by DDS/DMD or RDH)

Provider Name: (please print)  Phone:  __________________________

Provider Business Address:  _________________________________________

Signature and Credentials of Provider or Recorder*:  __________________________  Date:  __________________________

*Recorder: An authorized provider (DDS/DMD, RDH, MD/DO, PA, or RN/ARNP) may transfer information onto this form from another health document. The other health document should be attached to this form.

A screening does not replace an exam by a dentist. Children should have a complete examination by a dentist at least once a year.

RETURN COMPLETED FORM TO CHILD’S SCHOOL.
