IDPH INFORMATION NOTICE 99-X05:

FDA Public Health Notification:  
Important Y2K Planning Information

Addressees:

All facilities that have radiation producing machines used for therapeutic purposes, and/or any radiation producing machines which are controlled by computers.

Purpose:

The Iowa Department of Public Health (IDPH) is forwarding this notice to remind all addressees of the potential problems their computer systems and software may encounter as a result of the change to the year 2000. It is expected that recipients will review this information for applicability and consider actions, as appropriate, to avoid potential problems. However, suggestions contained in this information are not requirements; therefore, no specific action or written response is required.

If you have any questions about the information in this notice, please contact the Iowa Department of Public Health (515)281-3478.
