### WIC Disaster Plan

#### Overview

---

**Introduction**

In the event of a disaster or emergency situation, the Iowa WIC Program places a central focus on service delivery for WIC participants. The state office and local agencies will implement the following procedures in the event of situations that disrupt services.

---

**Purpose**

The central focus in service delivery during and immediately after a disaster by the Iowa WIC Program will be to:

- Restore WIC services to current participants as soon as possible.
  - Provide services to the eligible population in the disaster-affected areas.
- 

**Local agency responsibilities**

Local agencies must follow the requirements outlined in the “WIC Operational Plans during an Emergency” which can be found on the WIC Web Portal.
