

CULTIVATING THE SEEDS OF SAFETY

Experience the 2018 Farm Progress Show
IDPH Health & Safety Tent at Lot #1342
13th St. between Gates 3 & 4
August 28 – August 30 Open at 8 am

- 🏠 Over 20 different indoor and outdoor exhibits in one place.
- 🏠 Hands-on demonstrations by safety professionals.
- 🏠 Sunscreen, ear plugs, tourniquets, flu shots, coffee and more!

Ready for a break? Stop by the Farmer's Coffee Corner in the Health & Safety Tent to sit down and relax while you grab a free cup of coffee, water or a treat.

The Farmer's Coffee Corner is sponsored by Hy-Vee, CS-CASH, UMASH and I-CASH

Responding to Injuries

Stop the Bleed. Farm accidents can cause serious injuries. It only takes a few short minutes for someone to bleed to death, and the only thing more tragic than a death is a death that could have been prevented. The Stop the Bleed campaign is teaching people across America life-saving bleeding control measures. Demonstrations and mini-training sessions will show people how to take immediate action to save a life before responders can arrive. You can save a life. Free tourniquets will be given to the first 25 participants each day.

The National AgrAbility Project helps eliminate (or minimize) obstacles for farmers, ranchers and other agricultural workers with physical limitations.

AgrAbility addresses many conditions such as arthritis, back impairments, amputations, spinal cord injuries, behavioral health issues and many others.

Life Essentials will display mobility products that are as tough as you are! For those with mobility challenges that want to stay active on the farm, this is a resource worth seeing first hand.

Business Safety

National Worker Protection Standard - the Iowa Department of Agriculture & Land Stewardship Pesticide Bureau will demonstrate PERC (Pesticide Educational Resources Collaborative) Sample Training Activities. Adapted to the situations and challenges faced by those working with pesticides, each activity includes training techniques, a list of materials and props, and instructions. Training resources will be available.

AgriSafe Network is excited to work with the Farm Progress Show Health and Safety Tent partners again this year and will provide Agricultural Respirator Selection Guides, Farm Work Respirator Decision Guides, Take 5 Tips for speaking to your health care provider and much more! Take part in our Total Farmer Health Campaign survey and receive a PPE kit. Respirator and ear plug samples will also be available.

The Legacy of Christopher Allsup Foundation raises awareness about the dangers of portable gasoline containers when not equipped with a flame arrester. Hear their story and find out how you can keep your family safe.

The Grain Handling Safety Coalition is a volunteer group of industry-related associations, agencies and individuals with a shared dedication to preventing accidents, injuries and fatalities in grain handling operations. Safety doesn't have to be expensive or complicated—it just needs to be DONE. Daily demonstrations and hands-on options to learn safety from Jeff Decker of Decker Consulting & Investigations.

Grain Handling Safety Coalition

The Health and Safety Tent is proud to bring the National Ag Centers from Minnesota, Iowa and Nebraska to the Farm Progress Show.

UMASH (Upper Midwest Agricultural Safety and Health) Center is all about improving the safety and health of agricultural workers and families through research, education and prevention. UMASH is offering The Do's and Don'ts of Sun Protection, Needlestick Prevention, Confined Spaces, Roadway Safety and Manure Gas Safety information for both youth and adults. Come to our booth, spin the prize wheel for fun, learn something new and leave with a safety resource including sunscreen samples, coloring sheets and crayons.

GPCAH (Great Plains Center for Agricultural Health) is part of the University of Iowa, addressing the health and safety needs of agricultural workers in nine Midwest states, in partnership with Iowa's Center for Agricultural Safety and Health (I-CASH).

CS-CASH (Central States Center for Agricultural Safety and Health) works with the agricultural community in the Central States and beyond, conducting research, intervention, education and outreach activities.

Rural Roadway Safety

Zero Fatalities[®]

A Goal We Can All Live With

Zero Fatalities Iowa – Your safety isn't virtual. Make it a reality. Using virtual reality technology, the Iowa DOT and Zero Fatalities Iowa will put you in the passenger seat to experience life on the road with an unbelted driver. A second scenario highlights dangers specific to work zones. The scenarios will alternate day to day.

Operation Lifesaver – See Tracks? Think Train! Operation Lifesaver strives to increase public awareness about the dangers around trains and rails. This year the Iowa Operation Lifesaver volunteers will focus on field to field and grade crossing safety for farm equipment.

Healthy Living

Healthier Workforce Center of the Midwest. Everyone benefits when we create a safe, healthy and productive workforce. HWCMMW brings together workers and employers to figure out best practices that make a difference.

**HEALTHIER WORKFORCE
CENTER of the MIDWEST**

Hy-Vee Healthy You Mobile. Stop by for fun and facts from Hy-Vee dietitians and pharmacists offering free flu shots from 10 am – 3 pm and blood pressure checks from 3-5 pm.

Iowa Cancer Consortium. Nobody wants to hear the C word. Learn how this group works to reduce cancer in Iowa. Free sunscreen and SPF lip balm.

**Iowa Cancer
Consortium**

Iowa Get Screened. Find educational materials and free screening information for colon, breast and cervical cancer, as well as diabetes and heart disease prevention. Lots of free give-away items.

Lead poisoning prevention. How much do you know about lead poisoning in Iowa? Do you have children or grandchildren at risk of exposure? Do you have a job that exposes you to lead? Are you a hunter or fisherman? Are you a landlord with a house built before 1978? The Iowa Department of Public Health's Lead Poisoning Prevention Program can answer your questions and provide information to help you keep your family safe.

Where to turn

Community & Family Resources is dedicated to assist individuals, families and communities achieve healthy behavior and lifestyle through advocacy, prevention and treatment of substance abuse, problem gambling and mental illness.

Iowa Concern Hotline is a source of help for Iowans in need 24 hours a day, 7 days a week, 365 days a year. They can help with legal, finance, stress, and crisis or disaster needs. Talk to a staff member and pick up some materials along with pens, pencils, chip clips, lip balm and jar grippers.

Iowa Women in Agriculture welcome your visit! We'll update you on IWIA's efforts over the past 12 years to build on the strengths of women farmers, landowners and agribusiness professionals. One free registration to the 2019 IWIA Conference will be given away daily. Please stop by, and let us know how we can help you achieve success in your business and connect with other women in agriculture.

Iowa Flex Program and the State Office of Rural Health work to improve patient access to critical access hospitals and community resources, especially in rural areas.

Host

Iowa Department of Public Health Occupational Health & Safety Program. IDPH OHSSP is the official host

for the 2018 Health and Safety Tent. Visit our display to learn more about a variety of health and safety topics, including dealing with stress, radon, well water testing, the opioid crisis, rabies exposures, poison control and much more. Pick up the new IDPH OHSSP stress relief barn.

You can find contact information for all the Health and Safety Tent partners online at the IDPH OHSSP website: <https://idph.iowa.gov/Environmental-Health-Services/Occupational-Health-and-Safety-Surveillance>.
