

Resellers (Pre-certified with Iowa WIC)

The following is a list of VARs/Resellers that offer ECR systems with TPP pathways which are pre-certified for conducting eWIC transactions in the state of Iowa. While you may select to contract with one of these providers, you are not limited to those shown here. The Iowa WIC Program does have a process for certifying other providers to conduct eWIC transactions. Only systems that pass the Electronic Benefits Transfer (EBT) Capability Assessment as outlined in the Vendor Guidance will be certified for eWIC transactions.
