This Agreement is made and entered into on by and between the Iowa Department of Public Health (IDPH) and Institution, on behalf of Primary Investigator Name (the Researcher).

I. Purpose. IDPH supports research activities which benefit the health and well-being of Iowans. IDPH recognizes that conducting research for new insights and innovative solutions to health problems is one of the ten essential public health services. It is the mutual desire of IDPH and the Researcher to provide the Researcher with limited access to name of dataset(s) (IDPH Records) for the purpose of enabling the Researcher to implement the research project titled, “Insert title from question 1 of application”. The details of the research project are described in the Application for Access to Public Health Data for Research Agreements (“Application,” attached as Attachment 1).

II. Legal Authority. Insert description of legal authority for data collection & release.

III. Term. The term of this Agreement shall be from Month, Day, 2017, until Month, Day, 2019, unless terminated early in accordance with the termination section below.

IV. Duties of the Parties.

A. Duties of IDPH. Following a review of the Application, IDPH through its Research and Ethics Review Committee has found the IDPH Records requested in the Application to be essential for the research project described, has found such project to be for bona fide research purposes, and has found that such project is not for private gain. IDPH therefore agrees to release to Researcher the IDPH Records, name of dataset(s), as presented in the Appendix A.

B. Duties of Researcher. The Researcher agrees to the following:

1. Use. All IDPH Records shall be used only for bona fide research purposes as set forth in the Application. The Researcher shall not use or permit others to use the IDPH Records in any way except for statistical reporting and analysis.
   a. No personally identifiable data provided. If IDPH has not provided Researcher with personally identifiable data, the Researcher shall not use
nor allow anyone else to use the IDPH Records to learn the identity of any person contained in the certificates or data provided. If the identity of any person is discovered inadvertently the Researcher will not make use of this knowledge; will immediately notify the IDPH; will safeguard or destroy the information which led to the identification of the individual as requested by the IDPH; and will inform no one else of the discovery.

b. **Personally identifiable data provided.** If IDPH has provided Researcher with personally identifiable data, such data or information from the IDPH Records shall not be used to establish contact with the named person or his/her family without prior written approval from IDPH, except as described in Appendix C.

All IDPH Records received pursuant to this Agreement shall be stored in a secure locked area with access restricted to project personnel for research purposes only as set forth in the Application. The IDPH Records will be stored in compliance with the standards of *Security Rules for Public Health Data*. The Researcher shall comply with Department and State information technology standards.
