Water Treatment System to be Tested
List each product to be tested using the protocol
If data will be transferred between products, provide justification

Brand	Trademark	Model #

Product Technology					
Mark each technology associated with a health-related claim					
Mechanical filter	<input type="checkbox"/>	Carbon block	<input type="checkbox"/>	UV A	<input type="checkbox"/>
Reverse osmosis	<input type="checkbox"/>	Ion exchange	<input type="checkbox"/>	Distillation	<input type="checkbox"/>
GAC	<input type="checkbox"/>	Ultrafiltration	<input type="checkbox"/>	Other	<input type="checkbox"/>

Parameters to be Tested

Parameter	Challenge Concentration (ug/L)	Performance Standard (ug/L)

Submission Checklist

Use this checklist to help ensure that all the proper documentation is submitted to IDPH for protocol review. Materials may be submitted electronically, but they must be clearly labeled.

Completed application form		Test rig schematic & specifications	
Engineering drawings		Wetted parts list w/materials	
General test water specification		Sample schedule	
Pressure, flow rate, temperature		Data transfer justification	
Analytical methods		Test data, if available	

Refer to 641 IAC 14.4(2) “a” and “b,” on the IDPH Web site at http://www.idph.state.ia.us/eh/water_treatment.asp for more details on the information required.

The University of Iowa Hygienic Laboratory will bill the submitter for \$200 or less when the protocol review is completed.
