*If you are renewing more than one active master, contractor, or journeyperson license in one or more disciplines for the same person, a fee discount of 30% may be deducted from the license application fees. To receive the 30% discount all licenses must be for the same individual and purchased in the same transaction. The 30% discount does not apply to the paper application fee or registration portion of the fee. If applying online, the discount will calculate automatically (remember both applications must be submitted on the same day and be for the same person). Examples of fee discount:

**Example: Contractor fees with 1 master license**

| $240 | Application fee – 1 master license |
| +$250 | Contractor license application fee |

| -147 | Subtract 30% discount |

| = $518 | Total for paper application |

**Example: Contractor fees with 2 master licenses**

| +$250 | Contractor license application fee |
| $730 | Subtotal |
| -219 | Subtract 30% discount |

BOND REQUIREMENTS FOR
OUT-OF-STATE CONTRACTORS

With limited exceptions each contractor with a principal place of business outside of Iowa must file a $25,000 bond in order to register. Having a branch office in Iowa does not exempt a contractor from the bonding requirement.

The bond guarantees that you pay all taxes, penalties and other monies due to the State of Iowa as a result of your work in Iowa. Only the State of Iowa and its agencies or divisions can collect under the bond. The bond does not cover any other debts.

You must file a bond with original signatures and original surety company seal, when applying for your construction contractor registration number. Your bond must be executed by a surety company licensed to do business in Iowa, and it must be issued on the bond form provided by the Iowa Division of Labor. Bond effective date must match application date. In most cases, you must attach your surety company’s power-of-attorney. Bonds must be attached to the application or renewal form. Contractor Registration numbers WILL NOT be assigned without a bond.

Existing Bonds on File
If a current $25,000 bond is on file, a continuation bond MUST be filed at the time of renewing. Bonds shall NOT exceed the one (1) year statutory period unless a continuation is filed or the bond is cancelled by the surety company, with not less than thirty (30) days’ written notice to the Iowa Division of Labor.

False Information
Supplying false information with a contractor registration application may result in a $500 civil penalty and criminal prosecution.

Exemptions
Instead of submitting a bond, a contractor may submit with the contractor registration application or renewal form, a copy of the contractor’s letter from the Iowa Department of Transportation stating that the contractor is prequalified to bid on projects pursuant to Iowa Code 314.1. The Iowa bonding requirement may be suspended due to federal law or rule, or if enforcement would cause denial of federal funding.
