

Attention Exam Candidates and Prospective Examinees:

In July 2017, NAB will transition its examinations to a new structure: examinees will need to pass a 100- item Core of Knowledge exam and a 50- item line of service exam for nursing home administrators.

There will be a brief “blackout” period during this transition, in which no NAB exams will be administered. Candidates that were approved for the NAB exam and were registered by June 1, 2017 will be allowed to take the current exam. These candidates must take the exam no later than June 16, 2017. After June 16, these candidates will need to take the new examination in accordance with the timeframes below.

Please note: From June 2 through July 4, candidates do **NOT** have access to registering, reviewing scores, or requesting score transfer/diagnostic reports.

Beginning **July 5**, candidates will apply for examination eligibility through a new application system called Clarus. Applicants will be able to access the application system through the NAB website, at www.nabweb.org/examinations. The new NAB Exam Candidate Handbook may also be accessed at this website.

Again, please note that this new website will not be operational until July 5. Candidate records from the current application system will be transferred to the new application system.

Questions may be directed to the Board office, at 515-281-6959.
