

Permanent Mental Health Counselor License Requirements

Mental Health Counselors (MHC) are licensed by the Iowa Board of Behavioral Science. The Board evaluates the qualifications of applicants for licensure and grants licenses to those who qualify. The Board establishes rules and regulations to ensure the integrity and competence of licensed Mental Health Counselors.

Licensees are responsible for meeting all licensure requirements and should review the rules carefully and frequently. The administrative rules are available on the Behavioral Science Board website under the Laws and Rules link.
