IOWAGRANTS: REGISTRATION INSTRUCTIONS

Registration is a two-phase process.
Phase I is Account Activation with the state’s A&A system.
Phase II is Registration within the IowaGrants system. To minimize problems with the process, we ask all users to follow these instructions.

1. Go to www.iowagrants.gov. Click on ‘Returning Users Sign in Here’

2. Click the option icon
3. Click ‘Forgot ID’ from the drop-down options

![Enterprise A&A Sign In]

4. Enter your email address. Click on ‘Retrieve Id’. (You may try this with as many email addresses as you like.)

5. If the system “confirms” that you have an account and you get a message that an email was sent to you, go to step 6. If the system does not recognize the email as associated with an account, go to step 11.

6. **If this email is already associated with an account**, the system will send a message to the associated email address confirming your account id (username). If you remember your password, (go to step #10 to complete the account activation process). If you do not remember your password, click on “forgot password”, in the option icon.

![DOM Electronic Grant Management System]

- If you remember your password, you can enter the Account Id and Password. Go to step 10 of these instructions for next steps.

(Your email address here)
7. Click on ‘Forgot Password’ using the option icon, then enter your account id (the one that was just sent to you), then click on “retrieve password.”

8. You will then be prompted to respond to the baseline identity questions that you set up when the account was first established. Enter the answers and then click “continue”. If you don’t remember the answers, go to step 10.

The system will let you know which questions are correct and which aren’t, so that you can revise your responses. Once you answer correctly, you’ll be prompted to reset your password.

If you do not remember your baseline questions you can click here to begin the baseline questions reset process.
9. Enter your new password and confirm it. Click on “save new password”. Please make note of the system rules for passwords.

10. If you can’t remember the answers to your baseline questions, click on the “here” at the bottom of the page to reset. The system will send (to your email) the instructions on how to change your baseline questions.
10. You may now log in using the Account Id and Password. Click on “sign in”. Then go to step 16 of the instructions.

11. (continued from step 5) If this email is not associated with an account, you will receive this error message. Go to Step 12 to activate your account. Or you can enter another email to see if that email is associated with an account in the system.
ACCOUNT ACTIVATION IN THE STATE’S A&A SYSTEM

12. Click on ‘New Users Register Here’. Enter your first and last name, the click ‘Register’.

13. Enter and confirm email address. Click on Save Account Details

14. You may receive this pop-up message. Click OK to continue.

15. This will generate an automated message to your email to confirm your account (14c). Or you may receive one of the error messages below (14a or 14b).
a. If this account already exists, you will receive this error message.

**DOM Electronic Grant Management System**

If you have followed the instructions, the ONLY reason you should receive an error message is because someone else (with the same name or using the same name) already has an account in the system. [Note: More than 20,000 people have accounts, so it would not necessarily be that unusual to have a duplicate account.] To work around it, use your nickname, add your middle name or middle initial to the first name or last name field.

b. If, however, you have not followed the instructions, you may receive this error message. This message tells you that someone with your same email address already has an account.

**DOM Electronic Grant Management System**

If this email is not your email, you should enter a different email address. However, we do not encourage you to create multiple accounts in the system. So, if you get this message, we prefer that you follow these instructions to obtain the username and password associated with your account in the system. Go to step 1 to complete this process.
c. If you have completed the process properly, you’ll receive this confirmation.

DOM Electronic Grant Management System

An email has been sent to the email address you provided. It will contain your Account id and instructions to complete your registration.

The email that was just sent to you may show up in a matter of seconds or could take hours. Once sent, we have no way to track this email to determine if or when you have received it. If you do not receive an email within 48 hours you will not be able to complete the registration process and will need to re-register.

Possible reasons you did not receive the email to confirm your account.

1. When registering, you may have entered an invalid email id in both of the email and confirm email text boxes.
2. The email may have gone to your spam, junk, or blocked email folders.
3. In rare occurrences email security products are not allowing this email to be received normally.

Please note: If you do not complete the registration process defined in the confirmation email within 48 hours, you will be required to start the registration process over.

Please note: you must complete the process within 48 hours. If you do not, you will need to start the process over.
16. You will get an email from the system to complete the account activation. Click on the link and use the registration confirmation token. Include at least one special character (e.g. !, @, #, $, %, ^, & *, etc.). A mix of uppercase and lowercase letters. You may not use pieces of your name or email address in your password.)
> Step 4. Sign in using your Account Id (see Account Details Section above) and the password you just entered in Step 3.

Note these helpful hints for establishing your baseline:

1. Choose questions and answers that you know well, but that others don’t.
2. Avoid special characters like commas or quotes that you may not enter the same way later.
3. Keep your answers simple - for example, use "paperboy" instead of "The Des Moines Register paper delivery" for your first job.
4. You must create your own question when a drop down list is not provided. Usually this is the case for the last one or two questions shown above.

You’ve completed the account activation process for A&A! After you log-in, you will automatically be directed to the IowaGrants registration.

You will now need to log into the system to complete the account activation process. (This is step 4 from the email you received. If you do not do this immediately, it may cause your registration to lapse or be purged from the system.)
20. Enter information [note: fields indicated by an asterisk (*) are required]. Make sure you select the correct program area of interest to expedite the approval process. Click Register at the bottom of the page.

While the system instructions do not make this clear, it is important that you select the correct program area is selected from the drop-down list. This will expedite registration.

21. You will receive a confirmation pop-up and an email will be generated to you from the system. This indicates your registration has been submitted to ICVS for approval. Approvals can be expected with 72 hours. If there is a delay, please contact your ICVS program officer to follow-up.

Make sure the Program Director has provided ICVS with a list of all members and site supervisors to expedite the approval.
Here’s what the registration confirmation email looks like. Please note it comes from iowagrants@dullestech.com so check your spam!

TIPS FOR ACCOUNT ACTIVATION & IOWAGRANTS REGISTRATION

1. Make sure the individual completes the entire registration process. There are two phases:
   I. **Account Activation** for A&A (create username, password, etc.). See below for tips on creating a username and password that meet the system criteria.
   II. **Registration** for IowaGrants. If they don’t do both parts, ICVS staff will not have the ability to approve them in the IowaGrants system.

ACCOUNT ACTIVATION ERROR MESSAGES:

1. **INCOMPLETE A&A REGISTRATION**: If the member did not complete the registration process, for example, if they created the username and password, but did not use the confirmation email to complete the process, the system will say that they are already in the system. If this happens, they should use the confirmation email they received to complete the process. It is important to note that the individual must be using the SAME computer AND browser they used when they started the registration process to complete it. You must also ensure that your browser has Cookies and JavaScript enabled. NOTE: The individual only has 48 hours from the start of the application process to finish it. They should check their SPAM folders for the confirmation messages.

2. **SORRY THE LINK YOU USED IS NO LONGER VALID**: Your account is in limbo. Do the following: a) click on: https://entaa.iowa.gov/entaa/sso?appId=DOM_GMS&callingApp=https://www.iowagrants.gov/login.do&tab=foototid, b) enter your email address and then press the “Retrieve A&A ID” button. If you get the message:
   a. **Sorry, could not find your account** and you are sure you entered your email correctly, then your account did not get activated and you will need to press the “Create An Account” tab and start the activation process over (go to step 11).
   b. **We have sent an email reminder to [YourEmail.Address@Domain]** then your account was created and you need to go back to your email and check for a new message from this system. Remember, these messages come from entaa.noreply@iowa.gov, so check your spam and filter folders! Remember, you only have 48 hours to complete the process, so you should locate the message and complete the process as soon as possible.

If you have any questions regarding this guidance or want additional assistance, please contact the IDPH Iowa Grants Help Desk by email at IowaGrantsHelpDesk@idph.iowa.gov or by telephone at (866) 520-8987.
