Attached is an application for you to receive assistance through the Children at Home program. The Children at Home program is designed to assist you and your family in securing the services and supports that you identify as necessary in helping your child remain at home. An underlying principle of the Children at Home program is that you and your family retain control of decisions which affect your child and family. Financial assistance is intended to enable you to obtain those services and supports which are not met by other programs.

To qualify for the Children at Home program:
- You and your family must reside in the state of Iowa.
- Your family must include a child with a disability, which is defined as an individual who is less than 22 years of age and meets the definition of developmental disability.
- Your family’s intent is to secure those services and supports that would enable your child to remain living in the family home.
- Your family’s Federal Net (not gross) taxable income for the most recent tax year is less than $60,000.

If your qualification for the Children at Home Program is denied you may file an appeal. All appeals must be requested in writing. Your letter should include documentation that was not submitted with the original application from any of the following professionals who are knowledgeable of your child’s disability affirming that the decision should be reversed.

- Medicaid Case Manager
- AEA director of special education or designee
- Local school administrator or designee
- Independent living specialist
- Occupational or Physical Therapist
- Physician
- Vocational rehabilitation counselor

If you have any questions about this program or want to apply for assistance, please contact the Iowa Family Support Network.

Professional Certification

The above-named child has a developmental disability as defined in 42 U.S.C. § 6001. Persons with developmental disabilities have severe, chronic conditions that:

- Are attributable to a mental or physical impairment or combination of mental and physical impairments;
- Are manifested before the person attains age 22;
- Result in substantial functional limitation in three or more of the following areas of major life activities:
  - Self care
  - Receptive and expressive language
  - Learning
  - Mobility
  - Self-direction
  - Capacity for independent living
  - Economic self-sufficiency

Reflect the person’s need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services that are of lifelong or extended duration and are individually planned and coordinated; except that such term, when applied to infants and young children means individuals from birth to age five, inclusive, who have substantial developmental delay or specific congenital or acquired conditions with a high probability of resulting in developmental disabilities if services are not provided.

Professional Certification:

I hereby verify that the above-named child has a developmental disability as defined above.

**EFFECTS OF CHILDREN AT HOME ASSISTANCE ON OTHER PROGRAMS/INCOME**

**On Income Tax:**
According to an Internal Revenue Service Advisory opinion, income received pursuant to assistance under the Children at Home program (CaH) is not taxable for Federal Income tax purposes to the extent that the subsidy does not exceed actual expenses incurred for the care of the family member.

**On Family Investment Program (FIP):**
If you receive FIP payments, assistance received under the CaH program should not affect your eligibility provided you do not use the subsidy for your own basic needs of shelter, utilities, household supplies, food, clothing, personal care and supplies, medicine chest items, bus fares, telephone, newspapers and magazines. You may not use the subsidy for the special needs which include school expenses, guardianship/conservator fees, the expenses of Individual Education and Training Plan programs, and children care while enrolled in a Job Training Partnership Act training plan. If you have any questions regarding your FIP benefits talk with your income maintenance worker.

**On Supplemental Security Income (SSI):**
It is our understanding that the assistance received under the CaH program would not be counted in determining income eligibility. If you have questions regarding this contact the Social Security Administration office.

**On U.S. Department of Housing and Urban Development (HUD), Section 8:**
It is our understanding HUD will not consider assistance received under the CaH program as income when determining participation in the Section 8 program.

**On Food Assistance:**
Assistance received under the CaH program is considered income for food assistance. If you have questions regarding your food assistance talk with your income maintenance worker.

**On Medicaid and Medicaid Home & Community Based Services/Waivers:**
Being on the subsidy does not affect your eligibility for these programs and being on these programs does not affect your eligibility for assistance received under the CaH program.

**Others:**
If you apply for any services or programs that require income verification and you would like them to not consider your subsidy payment please contact:

Children at Home Program  
Dept. of Human Services-Division of ACFS  
5th Floor, Hoover State Office Building  
Des Moines, Iowa 50319-0114  
Phone: 515-281-5338

Information will be provided to the service or program and a request will be made that the subsidy payment not be considered as income.
