

Ready to Engage Checklist

Practice Name:
 Practice Phone Number:
 Practice Fax Number:
 Hours of Operation:

Preparation & Planning Steps

- Visit the Health Care Website for the Practice

(If no website exists rely on historical information and/or collect updated information directly from points of contact/internal staff)

Information to note:

- Review 1st Five Referral Reports to gather information about referral and screening history of the practice. Use 1st Five Data Management System (1st Five Referrals Data Report > Champion Provider & 1st Five Referrals Data Report > Referrals by Organization)

Information to note:

- Develop understanding of previous history with 1st Five screening and referral patterns

Information to note:

- Categorize the practice using the Levels of Engagement One-Pager

Level of Engagement is:

- Consider strategies for advancing to the next level of engagement using the Leveraging Language. Are there opportunities to consider a peer-to-peer consultation?

- Strategies considered for advancing the partnership to the next level

(Include activity details & a timeline for each step)

- If possible, identify the practice point of contact you will be engaging

Information to Note (email & contact information):
