2. Notarized copy of a certificate showing proof of achievement of the CRT or RRT credential awarded by the NBRC.
3. A notarized score report showing proof of successful completion of the Therapist Multiple Choice Exam, State Clinical Exam, or Certified Respiratory Therapist Exam.

- Background Check Requirement – Applicant will receive a packet from the Board office in the mail. The packet will be sent after an applicant submits an online licensing application and pays fee. The packet includes two items that must be returned to the Board office before the license can be issued:

1. Fingerprint card. Take the fingerprint card to a local law enforcement agency for completion. Submit the completed fingerprint card to the Board office.
2. Background check waiver form. Read and sign the waiver form. Return it with the completed fingerprint card.

- Verification of licenses held in other states (if any):

Applicants that have been previously licensed, registered or certified in any other state must provide official verification of licensure in the other state(s). The license verification must include license issue date, expiration date and any pending or past disciplinary action. The verification may be printed from another state licensing board's website if it contains all of the required information. If web based verification is not available, the verification must be send directly to the Board office by the state(s) where the applicant has been licensed, registered, or certified. If the applicant has never been licensed in another state, ignore this item.
