- Supervised Practice Requirements:

Supervision must be at least 110 hours over a course of two to six years of practice under supervision. Please submit all supervision reports as a single packet at the time of application. Applicants licensed in another state at the equivalent of the LISW level who have taken the clinical exam do not need to submit plan(s) and report(s). The **Supervision Plan** and **Supervision Report** forms can be found on the Board's website.

- Exam Requirements:

Proof of passing the ASWB clinical level exam, sent directly to the Board office from the ASWB.

Please note: If you have not taken the exam through another state, the Iowa Board will need to grant exam approval to ASWB. The Board requires the completed application and completion of the supervision requirements prior to granting exam approval.

- Verification of licenses held in other states (if any):

Applicants that have been previously licensed, registered or certified in any other state must provide official verification of licensure in the other state(s). The license verification must include license issue date, expiration date and any pending or past disciplinary action. The verification may be printed from another state licensing board's website if it contains all of the required information. If web based verification is not available, the verification must be send directly to the Board office by the state(s) where the applicant has been licensed, registered, or certified. If the applicant has never been licensed in another state, ignore this item.
