Date Revised: February 22, 2016

Promote Healthy Living Assessment

includes topics such as addictive behaviors (tobacco, alcohol, drugs, gambling), chronic disease (mental health, cardiovascular disease, cancer, asthma, diabetes, arthritis, etc.), elderly wellness, family planning, infant, child & family health, nutrition and healthy food options, oral health, physical activity, pregnancy & birth, and wellness.

Healthy Living Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:	
1 Increase mental health care delivery (add providers, increase placement options and manage dual-diagnosis)	The need for mental health services is a growing concern not only for Davis County but for the entire state of Iowa. Of those surveyed 58.8% rated mental health services as poor or very poor. Need for communication between local service providers and improved communication with Southeast Iowa Regional Mental Health to better serve the citizens of Davis County.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other	<input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Healthy Living Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:	
2 Expand Senior Care Options	With the changes in health care and the aging population in our community several senior care options were identified to include the need to analyze the need for Home Health care in Davis County and to continue to build our recently developed Community Care Coalition to build better communication and collaboration between agencies that serve the senior population.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other	<input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Healthy Living Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:	
3 Provide access to oncology service in Davis County	Oncology services are not available in Davis County so residents requiring chemotherapy have to travel to Centerville or Fairfield for treatment. Radiation therapy is still available in Ottumwa.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other	<input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Healthy Living Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
4 Improve care coordination between county providers and agencies	Situations have been identified where communication between health care providers and local agencies are lacking or missing. Davis County has a newly formed Community Care Coalition which is working to build a stronger communication network but work needs to continue to build strong collaboration to include not only providers but also patients.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Healthy Living Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
5 Improve teen health (drinking, abuse, pregnancy, etc)	According to our CHNA Davis County residents do not perceive Sexually Transmitted Diseases as a problem cause of disease or disability in Davis County but there is still a concern for teen health to include drinking, abuse, pregnancy, etc.		<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Prevent Injuries & Violence Assessment

includes topics such as brain injury, disability, EMS trauma & system development, intentional injuries (violent & abusive behavior, suicide), occupational health & safety, and unintentional injuries (motor vehicle crashes, falls, poisoning, drowning, etc.).

Injuries & Violence Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
1 No priorities were identified in this focus area			<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Protect Against Environmental Hazards Assessment

includes topics such as drinking water protection, food waste, food safety, fluoridation, hazardous materials, hazardous waste, healthy homes, impaired waterways, lead poisoning, nuisances, on site wastewater systems, radon, radiological health, soil erosion, and vector control.

Environmental Hazards Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
1 No priorities were identified in this focus area			<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Prevent Epidemics & the Spread of Disease Assessment

includes topics such as disease investigation, control & surveillance, HIV/AIDS, immunization, reportable diseases, sexually transmitted diseases (STDs), and tuberculosis (TB).

Epidemics & Spread of Disease Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
1 No priorities were identified in this focus area			<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Prepare for, Respond to, & Recover from Public Health Emergencies Assessment

includes topics such as communication networks, emergency planning, emergency response, individual preparedness, recovery planning, risk communication, and surge capacity.

Preparedness Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
1 No priorities were identified in this focus area			<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Strengthen the Health Infrastructure Assessment

includes topics such as access to quality health services, community engagement, evaluation, food security, food systems, food and nutrition assistance (SNAP, WIC), health facilities, health insurance, medical care, organizational capacity, planning, quality improvement, social determinants (e.g., education & poverty levels), transportation, and workforce (e.g., primary care, dental, mental health, public health).

Health Infrastructure Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
1 Expand healthcare transportation	Many residents in Davis County are unable to provide their own transportation. We currently have a 10-15 bus available each morning of the week but only until 1pm. Many have expressed concern that we need increased access to transportation not only in town but also to out of town appointments or even for the leisure of shopping.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Health Infrastructure Community Priority	Rationale / Specific Need	Is this priority in the HIP?	If the priority is not addressed in the HIP, reason(s) why:
2 Expand rural health care delivery access (miles, cost, hours)	According to 2015 State Health Rankings for Davis County we rank 99th for access to care/quality of care. The percentage of Davis County residents who have received healthcare services outside of Davis County over the past two years is increasing. 78.5% of those surveyed rated overall quality of healthcare delivered in the community as 'very good' or 'good'. The need has been identified for increased and evening hours for access to medical providers and the need for additional providers in the community to provide this service.	Yes	<input type="checkbox"/> Other priorities rated higher <input type="checkbox"/> Existing programs already address problem/need <input type="checkbox"/> Lack of human resources/ staff <input type="checkbox"/> Other _____ <input type="checkbox"/> Community partners do not exist <input type="checkbox"/> Lead organization does not exist <input type="checkbox"/> Lack of financial resources

Davis County

FEBRUARY 22, 2016

COMMUNITY HEALTH NEEDS ASSESSMENT SNAPSHOT

Promote Healthy Living

- Priority #1 Increase mental health care delivery (add providers, increase placement options and manage dual-diagnosis)
- Priority #2 Expand Senior Care Options
- Priority #3 Provide access to oncology service in Davis County
- Priority #4 Improve care coordination between county providers and agencies
- Priority #5 Improve teen health (drinking, abuse, pregnancy, etc)

Prevent Injuries & Violence

- Priority #1 No priorities were identified in this focus area

Protect Against Environmental Hazards

- Priority #1 No priorities were identified in this focus area

Prevent Epidemics & the Spread of Disease

- Priority #1 No priorities were identified in this focus area

Prepare for, Respond to, & Recover from Public Health Emergencies

- Priority #1 No priorities were identified in this focus area

Strengthen the Health Infrastructure

- Priority #1 Expand healthcare transportation
- Priority #2 Expand rural health care delivery access (miles, cost, hours)
